Art supplies store "Art-Kvartal"

Job Title: Analyst in purchasing department

Job Description: Making reports with MS Excel using data from 1C software. Creating VBA scripts to help automate colleagues' jobs.

Automated most of my tasks using VBA language.

Additional Information:

Skills: JavaScript, CSS3, HTML5, ReactJS, jQuery, Sass, Bootstrap, Git

Languages: English – fluent, Korean – basic, French – basic

Working as an analyst, discovered my passion for programming. After resigning from the job, started learning JS and related technologies.

During my university years, spent a total of one year studying abroad, in South Korea (courses were taught in English language).
